university of applied sciences

Future Skills

Take your chance and apply for the intensive programme "Future Skills" at Aschaffenburg University of Applied Sciences. This intensive international programme held in English seeks to address in particular bachelor students interested in the topic of future skills while being passionate about making friends from different places in Europe and beyond when collaborating in international student teams. There will be a preparatory and a post-assignment online.

The Blended Intensive Programme "Future Skills" is supported by funds for the new ERASMUS+ Blended Intensive Programmes (BIPs).

By attending the Blended Intensive Programme, you will be able to...

- Earn 5 ECTS in a total of five days.
- Improve your intercultural skills and knowledge on future skill development with an international community of fellow students and friends.
- Apply your knowledge and ideas to help build up and improve future skills.
- Network with fellow-students and lecturers from different European and non-European countries
- Immerse yourself and enjoy an attractive teaching programme and site visits including outings which forms an integral part of our programme.
- Students can have the ECTS recognised for the new certificate BW and BWR International.

Future Skills

2-6 December 2024 on site at
Aschaffenburg University of Applied
Sciences in Germany

Be sure to send your letter of motivation (1 page, Arial 11p, 1.5 spacing) specifying your reasons for taking part in this Blended Intensive Programme to the International Office of your home institution within the announced local deadline.
